### Local business helping cancer patients

10/25/2004 11:44 AM  
By: Capital News 9 web staff

It's Breast Cancer Awareness Month, and the focus is on surviving cancer by staying optimistic. One way to do it is to feel that you look good.

A unique business is now helping cancer patients look and feel like themselves without ever leaving their homes.

Sheril Cohen stopped by the Capital News 9 studio to talk about "Girl on the Go."

"It's an in-home wig shopping service. So women never really have to leave their house to shop for a wig. It offers complete privacy and convenience. It makes wig shopping very comfortable," said Cohen.
